## **Diversity Consultancy Panel**

**Make a difference in your community and learn skills that will benefit you in your career and community life.**

The panel is being established by Eastern Community Legal Centre (ECLC) to advise the Centre on how to improve our services and community education projects for our diverse communities.

The Panel:

- Provides a chance for community members to discuss and share opinions on legal issues facing diverse communities
- Is a space for members of diverse communities to discuss topics of importance to their communities
- Assists members to develop their leadership skills and learn how to support community groups

ECLC is seeking people from a range of diverse backgrounds and experiences to be a part of this group. If you live, work or study in the Eastern Region, we'd like to talk to you!
